Any replacement SOFTWARE PRODUCT will be warranted for the remainder of the original warranty period or ninety (90) days, whichever is longer. Outside the United States, neither these remedies nor any Support Services offered by ASI are available without proof of purchase from an authorized international source.

Any purported assignment or delegation in violation of this Section will be null and void. No assignment or delegation will relieve the assigning or delegating party of any of its obligations hereunder. This EULA is binding upon and inures to the benefit of the parties and their respective permitted successors and assigns.
